Team Statistics

3 on 3

The information you provide will help us determine what tier to put your team in during our initial tiering process.

Please use the following strength system to assess each player, and place in the appropriate boxes.

Points System:

Please use the following point system to assess each player, and place in the appropriate boxes.

A1 = 1 Point A2 = 2 Points A3 = 3 Points A4 = 5 Points House = 6 Points Beginner = 7 Points

Example: you have 8 average house players, and 2 A2 strong players. You would put (8 x 6 points) 48 in the average box in your division row, and (2 x 2 points) 4 in the strong box.
